Paul Ingar started the weekend with a 5,57 in qual 1, the final qualifying time was a nice 5,52-410 kmt and good spot in europe's fastest ever top methanol dragster field. First elimination run against Krister Johanson 5,82 against Kristers 5,63 - A damage at the 3 gear in the gearbox was the problem on this run....

The 4'th round of the FIA championship is the Nitrolympx at Hockenheim Germany.
try to update the web during the weekend.
